ETSO compliant only if worn with either an approved thermal liner, either supplied as an attached drop-liner or as a separate Thermal Insulating Garment P/N 1000 TIG (XXX).
Non-TSO Functions (DDP reference)	N/A

#### Conditions:

1. The UKTSO Authorisation holder is only authorised to identify an article with this UKTSO marking whilst remaining in compliance with the conditions retained for the issue of this Authorisation.
2. This UKTSO Authorisation does not constitute an installation approval. It is the responsibility of those installing this article to determine that the aircraft installation conditions are within the UKTSO standards.

3. This UKTSO Authorisation does not constitute approval of any non-TSO functions included in this article except that it has been demonstrated that they do not interfere with the article's functionality or ability to comply with the UKTSO standard.
4. This UKTSO Authorisation and associated data shall remain valid until surrendered, withdrawn or otherwise terminated.
5. If transfer of this authorisation is requested the authorisation will be reissued.

Remarks:

1. UKTSOA.00004 Rev 0 superseded EASA.210.1072 Rev. E authorisation, dated 11 October 2017, to introduce additional suit variants.
2. UK.TSOA.00004 Rev 1 supersedes authorisation UKTSOA.00004 Revision 0 to make a correction to the authorisation number only. There are no changes to the equipment at this revision.

**Statement of Approval**

The Civil Aviation Authority certifies that the change to the article(s) complies with the applicable standards subject to the limitations, deviations and conditions specified above.

.....  
Signed, for and on behalf of the Civil Aviation Authority
