

Northern Diver B5 Bag 110L

Reference# 100844

As its name suggests, the NDB5 Bag 110L compact holdall with 110L volume. The bag is constructed from PVC top spec material and is fully washable inside and out. The strong and spacious bag is ready for action across a wide range of diving scenarios. These bags are renowned for their robust construction and durability making them first choice for countless divers and rescue teams all over the world. They are also supplied to the UK MoD who, of course, only use the best. The NDB5 Bag 110L has been designed to include changing mat attachments. The NDB5 Changing Mat is a useful feature for when you're on the go and can be bought separately. The mat rolls up with ease and can be stored on the side of the bag when not in use. On this utilitarian bag you'll also find three lifting handles, removable alpine-cut shoulder straps and webbing attachment points running down either side of the bag. A nylon inner dry clothes bag is supplied with every NDB5. Customer logos can be added to our bags upon request, please note an additional charge will be required.
