

Kask Zenith Electrician

Reference#

LUMINESCENT CLIPS - ZENITH

Helmet equipped with strong nylon external luminescent lamp carrying clips, compatible with all headlamps with elastic bands on the market.

REFLECTING STICKERS

Adhesive reflecting stickers for high visibility.

CHINSTRAP EN 12492

Four point chinstrap with which is crossed at the back to secure the helmet to the head better. The safety release system allows quick fastening and opening of the locking mechanism in conformity with EN 12492. Provided with lateral divider for adjusting the length of the straps.

CHINSTRAP IN ECO-LEATHER

Chin pad with eco-leather chinstrap The an-allergic and washable chinstrap is extremely comfortable and helps to avoid irritation of the skin.

RING TO HOOK

Fitted with a special loop on the chin strap which allows the helmet to be connected to the harness.

SANITIZED®

The Sanitized® treatment is an antibacterial treatment that acts as an internal deodorant counteracting the development of unpleasant odors. Thanks to its hygienic function it effectively prevents bacterial proliferation by increasing freshness and comfort of the fabric in contact with skin.

FAST3DRY

High-tech 3D fabric that dries very quickly, helping the dispersion of moisture to the outside and leaving a pleasant feeling of freshness.

UP & DOWN 2.0 ZENITH

The innovative and exclusive UP & Down 2.0 technology ensures a precise and comfortable fit around the back of the head. The center wheel and the two side wings allow the quick adjustment of the helmet not only in width but also in height and tilt.

PROVIDED WITH ZEN VISOR ATTACHMENT

Provided with attachment for fitting visors. Compatible with all ZENITH visors.

EARMUFFS FITTING

Provided with integrated slot for earmuffs with bayonet attachment.

REMOVABLE FRONT PAD

Front-end padding easily removable and washable.
Developed to guarantee maximum breathability and optimum moisture absorption. Designed to adhere to the front, optimizing comfort.

VENTILATION - ZENITH

Maximum ventilation thanks to the eight air intakes.
High breathability due to the volume of circulating air inside the helmet and the minimum contact surface with THE HEAD

Universal-adjustable from 53 to 63 cm
