

SeaLion SOLAS 300N Fall Arrest Lifejacket

Reference# 83151-10250

SeaLion SOLAS 300N Fall Arrest Lifejacket The 300N

Twin Chamber SOLAS lifejacket is specially designed for attachment to fall arrest harnesses. The design of the jacket allows the safety hooks of the fall arrest harness to be free for attaching the fall arrest lines, both on the front and back. At the back side the specially shaped Y-style backstrap gives space for the safety hook of the fall arrest harness. Special loops on the backside of the lifejacket is fitted, so the lifejacket can be looped onto the fall arrest, for easy donning and perfect fit. The small and tailored design gives a perfect body fit. The outside cover is of strong synthetic wipe-clean, hi-vis fabric. This is easy to clean and extremely durable.

The lifejacket provides 300N buoyancy, so the jacket is suitable for:

Extreme weather, offshore and open sea when wearing heavy protective and waterproof clothes/equipment.

Special straps with snap fasteners to attach lifejacket to fall arrest

Facts

- A comfort fleece collar, for optimum neck comfort
- A double crotch strap, to secure the lifejacket onto the body
