

## Arctic Survivor Evo Pro 6 PFD

Reference# 100832-L

## Arctic Survivor Evo Pro 6 PFD

A smooth and popular vest that is used by rescue services around the world. This buoyancy aid is tested and approved according to EN 12402-5: 2006. The outer shell of the PFD is manufactured in red 500D Cordura® material, while the buoyancy material is manufactured in soft ISO-approved buoyancy foam. This buoyancy aid is easy to take on / off and has a good fit with high comfort. It can easily be fitted with the adjustable shoulder straps that provide "one size fits all" property. It is also equipped with a knife holder, cowtail (safety loop) with large lockable carabiner, removable step straps, inner pockets for warming hands, or storing documents and whistle.

### Facts

- 10kg (about 100N) buoyancy - far above the minimum requirement for certification
- Approved according to ISO 12402-5:2006
- 50mm detachable (quick-release) chest strap with 316 stainless steel ring for cowtail (safety loop)
- Elasticated cowtail (safety loop) with large carabiner
- Padded and reinforced shoulder straps with reinforcement
- Surplus webbing can be hidden in pockets to keep the waist light and lightweight 25mm
- Reflexite® Solas-reflective patches
- 25mm yellow crotch straps
- Single-handed fasteners for vests
- Two removable drained chest pockets with velcro and reflector
- Detachable orange whistle mounted on a stow away string
- Tested and approved according to ISO 12402 (fail safe system load test to 3.2kN)
- Removable label on the back
- Can be customized with text as desired
- Removable FlexLight pocket (Customized use with FlexLight marker light)
- Anti slip material inside prevents the waist to slip up on the body
- Inner pockets to warm your hands, alternatively store documents and safety flap
- Reinforced stitches on exposed areas
- The PFD is delivered in a practical storage bag with zipper
- When purchasing a minimum of 200 pieces, optional marking on the vest is included
