

Flexible protection wall in transparent foil

Reference# 36874-05920

Flexible protection wall in transparent foil. Suitable for office landscapes, in stores, banks, medical offices etc.

It can be cut to wanted length simply by using a pair of scissors. Easily attached to the ceiling by hooks, and a zipper on top gives easy access for replacement or for taking down the wall when washing with soap/disinfectant.

The wall has a standard size of 190 x 130 cm.
Can also be delivered in other sizes.
