

## SeaRescue Tactical TS Back Zip

Reference# 85522-121590M

## SeaRescue Tactical TS

This super slim suit is designed for demanding operations within rescue services and first responders/special forces in the military and police. The telescopic construction offers extreme flexibility with regards to freedom of movement, comfort and sizing.

The suit is a result of a long development process and testing in partnership with users in the target groups mentioned above.

## **Facts**

- A new construction based on HP's unique basic design for improved freedom of movement
- The suit is engineered with a narrower basic pattern to avoid excess fabric around your body
- To further improve freedom of movement, the waist is equipped with a unique telescopic construction.
   This solution provides improved freedom of movement, and also a unique flexibility in terms of sizes.
   A medium size suit may fit persons ranging fom 175cm to 195cm in height.
- The telescopic solution is adjusted to fit your height with the internal elastic braces.
- As standard manufactured in our unique 3-ply Aramid laminate for the best FR protection, breathability and longevity
- Neck seal in latex and cuffs in neoprene glide skin
- Waterproof main entry zipper on the back
- Relief zipper in front
- MOLLE on both sides of the upper chest for mounting of optional communication equipment
- Astra patches on the chest for attachment of e.g. ID
- Unique seat construction without seams eliminates wear points and improves mobility

Product Detail	
Area of application	Civil Service/ Rescue Services/ Armed Forces
Type of suit	Special suit Work suit
Material	HP Aramid 3L
Adjustments	Waist adjustment
Main zipper type	PU/Plastic, closed Soft PU/plastic with teeth, closed - 1 zipper puller
