Halo Aircrew Lifejacket

Reference# 83297

Halo Aircrew Lifejacket

We have used industry feedback and competitor analysis to carefully develop our Halo Aircrew Lifejackets and compatible equipment such as emergency breathing system and crew suits. Working with key stakeholders, we have designed a bespoke system with a range of new and improved safety features as well as retaining the key elements that received positive feedback on our previous equipment offering.

Halo is manufactured by Crewsaver, - a world leader in the development of inflatable lifejackets for the most demanding tasks.

Facts

- Reduced bulk and weight around the neck and shoulders, combined with Fusion 3D technology for increased comfort
- Open chest and back paneling accommodate various harness types
- Optional Emergency Breathing System (EBS) with 310 bar cylinder provides you with 80% more breathable air than standard
- Customisable configuration of accessory pocket to suit your operation’s preference
- Crotch strap (double), detachable; - not mandatory in regular use
- Sculpted bladder design (Fusion 3D) enhances in-water performance and maneuverability
- Built in inflatable chin support for airway protection
- Sprayhood for protection of airways; - can be deployed over crew helmets and headsets
- Optional accessory pocket for multiple equipment available
- Available with double chambered bladder and double inflation system
- EBS and accessory pocket may be placed either side according to preferences
- Approved ETSO 2C503 C13F as a Helicopter Crew Lifejacket
- Compatible with 1000S Helicopter Crew/Passenger Suits
- Compatible with HALO Crew EBS certified EN 4856:2018

Product Detail

Lifejacket	*Helicopter*
Type of PFD/class	*Inflatable lifejacket 275N*
Area of application	*Helicopter Crew*
Buoyancy	*Minimum 275N*
Adjustments	*Waist - both sides*
Fit / Ergonomics	*Fusion 3D Design*
Reflective material	*IMO Solas*
Bladder construction	*Symmetrical with chin support*
Firing mechanism	*Manual, UML Micro*
Sprayhood	*Sprayhood with room for helmet/headset*
Lifting becket/loop	*Yes. double*
Whistle	*Yes*
Emergency light	*ETSO, water activated*
Buckle	*Plastic buckle with quick release functionality*
Cover closure	*Zipper with Quick Burst functionality*
Compatibility	*Yes, ETSO with ETSO suit*
CO_2-cylinder(s)	*60g CO_2 (1 pc)*
Service interval (standard)	*1 year*
Certifications ETSO	*ETSO 2C504 (Helicopter lifejacket)*
Weight	*2,20 kg single chamber/2,55 kg double chamber*
Crotch strap	*Double detachable - optional use*
Inflatable bladder	*Single*
