

Crewfit 165N Sport Automatic

Reference# 83403 - 9715BLA

Crewfit 165N Sport Auto

The refined Crewfit 165 Sport is a paramount safety solution which doesn't compromise on safety, style, comfort or price. Ideal for the recreational boater.

The Crewfit 165N Sport is our most compact lifejacket yet and one of the lightest lifejackets available on the market today. This is achieved whilst continuing to include the integral safety features required to ensure the recreational user remains as safe as possible when out on the water. The unique bladder shape with light and hood attachment points is designed to rotate the wearer into a face-up position - even if unconscious.

All of this, plus the addition of our Fusion 3D technology, ensures a benchmark product that offers a comfortable and bespoke fit. The Crewfit 165N Sport is available in two automatic variants, with and without safety harness.

Facts

- EXOLOK provides a clear indication if the cylinder moves, becomes unscrewed or is tampered with
- The fusion 3D construction ensures an ergonomic shape for comfort and freedom of movement
- Attachment points for Crewsaver Surface Light and Spray Hood
- Soft loop D-ring for attaching safety line (on version with harness)
- With crotch strap and lifting becket
- Quick Burst Zipper for safe inflation
- Robust outer cover for durability
- UML MK5 operating head with short profile 33g CO2 cylinder
- Buckle adjuster to accommodate a range of sizes
- ISO 12402-3 (150N) approved

Product Detail

Lifejacket	<i>Lifejacket work</i>
Type of PFD/class	<i>Inflatable lifejacket 150N</i>
Area of application	<i>Shipping</i>
Buoyancy	<i>Minimum 150N</i>
Adjustments	<i>Crotch Strap Waist adjustment</i>
Fit / Ergonomics	<i>Ergonomic Fusion 3D Design</i>
Colour	<i>Black</i>
Reflective material	<i>IMO Solas</i>
Bladder construction	<i>Symmetrical with chin support</i>
Firing mechanism	<i>Water activated, UML Auto MK 5</i>
