

Marin 290N Lifejacket NDLO

Reference# 83236

Marin 290N LJ NDLO

When the need arises to delay, disrupt or intercept other forces, you need a lifejacket that is designed to improve your operational effectiveness. The low-profile design ensures that the lifejacket is shaped around the body, enabling correct weapon positioning.

Facts

- Integrates into body armour or worn as a stand-alone lifejacket
- Easily attached to the MOLLE's on a plate carrier by using the specially constructed hooks
- Used as a standalone lifejacket with the included harness system
- Solas reflective tape on bladder is covered unless hiding strip is removed
- Achieves ISO 12402-2 in-water performance with 290N of buoyancy
- Easily switches between auto and manual inflation methods (blanking cap included)
- Best in class Fusion 3D bladder inside
- Designed and tested in partnership with military customers
- Designed to work with magazines and other chest fitted equipment
- Independently verified for helicopter escape, meeting EASA standards
- Standard with EXOLOK for securing the CO2-cylinder

Product Detail

Lifejacket	<i>Lifejacket work</i>
Type of PFD/class	<i>Inflatable lifejacket 275N</i>
Area of application	<i>Civil Service/ Rescue Services/ Armed Forces</i>
