

Crewfit 150N Wipe Clean with Safety Harness

Reference# 83280

Crewfit 150N with Safety Harness

Crewsaver commercial lifejackets are a vital piece of equipment to ensure the safety of your co-workers and crew at all times.

Fitted with an integrated harness, the lightweight lifejacket is easy to put on and the waist adjuster help to ensure a comfortable fit. Should you fall in the water, the dual crotch straps will stop the lifejacket from rising up over your face and help keep your airway clear.

The low-profile shape and short profile gas cylinder means this compact lifejacket is designed to minimise any interference with your day-to-day work.

Building on its reputation for cutting-edge technology, this Crewfit 150N is fitted with the EXOLOCK which holds the gas cylinder securely in position and provides a clear indication if it moves, becomes unscrewed or is tampered with.

The 150N bladder outperforms approval and offers 165N worth of buoyancy and safety features include built-in chin support, lifting becket and reflective tape.

Facts

- Built-in inflatable chin support to help protect the airway
- Reflective tape to aid visibility
- Lifting becket to aid recovery
- Intuitive waist adjuster to ensure a correct fit
- Heavy-duty 500D outer cover
- Supplied with dual crotch straps
- Integrated harness EXOLOCK to provide increased security for gas cylinder
- Easy to re-pack with the Velcro cover fastenings

Product Detail
