

Yak Strata Drysuit

Reference# 83275-M

Yak Strata Drysuit

The Strata drysuit draws on our vast experience in the design & manufacture of paddling specific drysuits. Fitted with a storm collar and stowable hi-vis hood, you stay protected on the water in all weathers. The 3-layer waterproof, breathable material makes sure you keep warm and dry but also stops you overheating. The stretchy Glideskin neoprene neck and wrist seals along with the YKK AQUASEAL® flexible cross shoulder zip construction, means the suit is easy to put on and is ideal for saltwater environments. For a comfortable fit, the drysuit is fitted with wrist, ankle, and waist adjusters along with internal braces. For improved durability in high-use areas, the seat and knees are reinforced with Cordura giving you extra protection.

Facts

- Enhanced 3-layer breathable 20k material keeps you warm and dry
