

## **SeaLion HP Rescue 275N UML**

Reference# 83103-05900STD

A high-quality inflatable lifejacket designed for comfort and safety, and incorporates a new asymmetric bladder to ensure safe turning in rough sea. This lifejacket is designed for use by the rescue team of the Norwegian Society for Sea Rescue (NSSR). The lifejacket is equipped with D-rings both on the chest and back. The D-ring on the back allows attachment of the user with a safety line to perform salvage work in a safe position over the ships side. According to users, the lifejacket is very comfortable to wear over long periods of time. The lifejacket has neoprene around the neck and crotch straps for increased safety. It is a single chamber lifejacket with app 290N buoyancy and is certified in accordance with ISO 12402-2 (275N).

### **Facts**

- SeaLion Rescue is designed with focus on comfort.
- The life jacket is a single chamber 275N ISO 12402-2 approved lifejacket with new asymmetrical bladder, quick release buckle, two D-rings (front and back) for combination with optional safety line, mesh back for extra comfort and two crotch straps
- According to customers feedback, the lifejacket is one of the most comfortable lifejackets to wear over time
- Very comfortable with neoprene neck
- Two crotch straps for increased safety
- Quick release buckle Two D-rings (front and back) for attachment of an optional safety line
