

No Gravity SeaLion Light Undersuit

Reference#

No Gravity SeaLion Light Undersuit

SeaLion Light is an undersuit in a warm material and with good stretch. Works well as a summer/warmwater undersuit; - or as winter womens if you have an uncompressed neoprene suit. No Gravity focuses on underwear for divers. SeaLion Light consists of a layer of flexible Polartec that provides warmth and good mobility.

Almost windproof material as the outer layer, - provides good insulation

Briefly summarized:

- Polartec Wind Pro® material
- Extracts moisture away from the body
- Very good movement
- 3 pockets (two trouser pockets and one on the chest)
- Flexible material that gives a nice fit for most people
- No Gravity bag, which is best suited to your dry suit. (Also works as a exchange mat)
